Journal - Office of Legislative Counsel
Thursday - 24 September 1964

13. (Internal Use Only - JGO) Met with Mr. David Glick, Chief Counsel, House Foreign Operations and Government Information Subcommittee, concerning publication of the report of the committee on the use of the polygraph in the Federal Government. Mr. Glick indicated that although today is the regular committee meeting day, there was no meeting and that none have been scheduled for next week. It is noted that failure to even schedule a meeting increases the chance that publication of the report may go over until next year.
